### Yearbook Glossy Information:

Most schools have yearbook glossy deadlines due September thru November. We work with all the schools in the metro area and request updates of their deadlines and specifications yearly. Many of the schools require that we collect a color placement fee from you and submit it to them when your yearbook glossy is delivered. The fee helps defray the color cost of the senior section in your yearbook, and ranges from \$5-15, depending on the school. If you receive information directly from your school, we would greatly appreciate a copy so we can cross-check our records.

Make sure the appointment for your session is far enough in advance that you won't have to worry! There is a \$35.00 rush yearbook charge if your order is placed within 10 business days of the yearbook deadline. Students photographed after the school's yearbook deadline will be responsible for the delivery of their own yearbook prints. Call us and we'll let you know when your senior yearbook glossy is due.

**Pick a pose that shows your waist/hips in the image**, this will help us to properly size and crop your yearbook glossy. Our staff will be happy to assist you in choosing. Your yearbook choice will be retouched, printed to the specifications of your school, and delivered to your school, on or just prior to the deadline, with your yearbook fee, if applicable.

Yearbook glossies will be received and signed for by your school yearbook adviser. It is your responsibility to check with your yearbook office after the deadline to confirm that they still have your yearbook glossy. We can resubmit a new glossy if a problem may occur at the school.

It is your responsibility to let us know if you switch High Schools, after your Portrait Session is taken, so your yearbook glossy is delivered to the correct school.
