Randall's Signature Gallery Portraits

Randall will create a unique piece of art for your home. In an initial consultation, you and Randall will discuss the theme, clothing, props, session day/time and the appropriate size of your Signature Gallery Portrait. Following the creation of the images, Randall will personally paint and create your selected image into a work of art. After your final approval, your painted image will be printed onto canvas and placed into a custom frame, ready for you to hang up in your home. Pricing is a flat fee that includes all of the above steps towards having an exquisite painting for your home.
